True Meaning of Salvation Lesson Study

Today our focus will be on what is incorrectly called “*Soul Saving*”; but what is correctly called “*Soul development*” or “**The True Meaning of Salvation!** (Did you get that?) The great Afrikan teacher of men, *Dr. Khalid Muhammad* reminds us when he says: “if they don't treat you right, how can they teach you right!”

This is a rule of analysis in the understanding of *White Supremacy!* In other words, we are simply saying, “*how can you save that which does not need saving in the first place?*” (Did you get that?) Yes, Brother and Sisters, you got it? We were lied to in the book we call the **Holy Bible!** Does this book not tell us we are all born in sin? (**Romans 3:23**)

Now let us begin. All Scriptural references to “Soul-Saving” in the book we incorrectly call **The Holy Bible** are found in the book of **James 10:27-28; John 6:37-40-44; Romans 8:38-39.** Brothers and Sisters, these are important because they give us a cursory knowledge of the thesis and foundation of Christianity! In other words, we can use this as a guide in understanding Christian thought. (Did you get that?) Again, to be clear, we are told in the book called the **Holy Bible**, *that in order to have one's soul saved; one must believe in his/her heart & confess with his/her tongue that “Jesus Christ” died on the cross to save us from our sins!* (Law'dHaa'BMerc'y are u still wif us?) As brother **Kwame Toure** tells: us “they don't lie some of the time they lie all the time!”

To be clear, in his book; **The Historical Origin of Christianity (pg. 2), Walter Williams** says: “*there has never been a man that ever walked the earth in human form of any race, creed, or color by the name of Jesus Christ!*” (Did you get that?) (Help us Great Black Holy Ghost!) Brothers and Sisters now that you know the thesis let us give you the antithesis of how our ancient Afrikan Ancestors defined the *concept of Salvation!* The first thing we should

understand is they did not deal with what is incorrectly called “*Soul saving*”! They dealt with what is correctly called “*Soul development*”! As you will find out this thing called Soul Saving is part of European lies and deception and is built on “*belief & blind faith*” falsehood!

The point which we should be clear at this base, is when we examine this *Concept of Salvation* we are properly looking at a concept stolen from the *Spiritual Science* developed by our Ancient Afrikan Ancestors. (Did you get that?) For instance, in his book: **Who is this King of Glory**, in the introduction (pg. X), **Alvin Boyd Kuhn** provides some clarity on our antithesis when he says: “*the entire Christian bible, creation legend, descent into Egypt and exodus from Egypt, the Ark & Flood allegory, Israelite history, Hebrew prophecy, all are now proven to have been the transmission of ancient Egypt's scrolls & Papyri into the hands of later generations, which knew neither their true origin nor fathomless meaning!*” (Help us Great Black Holy Ghost!)

It is critical that we see this concept of the *True meaning of Salvation*, in the same light as any other spiritual concept *stolen* by the Europeans! (Did you get that?) Brother and Sisters, our Ancient Afrikan Ancestors gave the world the very concept of God! (Did you get that?) What is critical for you to understand with this point is;

- 1) The very concept of Salvation can only be given to the world by a culture who had demonstrated “*accumulated wisdom and knowledge*” in that which is called God! (Did you get that?) On (pg.27 chapter 3) of the book: **Stolen Legacy; G.M. James** says: “*that the Egyptian theory of Salvation is the earliest theory of Salvation in the world!*” (Did you get that?) This Egyptian system had as its most important object, the *deification of man and* taught that the soul of man if liberated from its bodily fetters could enable him to *become god-like and see the gods in this life*. (Did you get that?)
- 2) “*Europe/Europeans had/has no concept of God!*” (Did you get that?) This fact is crucial to your spiritual well-being! To be sure, the book you incorrectly call the **Holy Bible** is a *fraud!* (Help us Great Black Holy Ghost!) We say this because it is from this very book that we are told; we must “*believe in our hearts and confess with our tongue that Jesus Christ died for our sins!*” In effect when we have blind faith in this; we are *saved!* (Did you get that?) Yet, when we look at or examine the record of Salvation as given to us by our Ancient Afrikan Ancestors we find a different story! The antithesis to the thesis! Our Ancestors said; *that man is to become God-like through a life of virtue & the cultivation of the spirit through scientific knowledge, practice & bodily discipline!*
- 3) Salvation *is only accomplished through the efforts of the individual!* There is *no* mediator between man and his/her Salvation! (Did you get that?)

- 4) Salvation again is the *freeing of the Soul from its bodily fetters, becoming a God through knowledge & wisdom controlling the forces of the cosmos instead of being a slave to them!*
- 5) “Subdue the lower nature and awake the higher self to end the cycle of rebirth!” Let us remember Brother and Sisters; Our Ancient Afrikan Ancestors taught us that the Soul is heavenly, or divine which is *the spirit self and the human being must awake to this reality!* This is what is meant by the true meaning of Salvation, or Soul development! (Did you get that?) Now, we know what the Afrikans meant when they said, “*self knowledge is the basis of true knowledge*”! They demonstrated this in the proverb: “*Soul to heaven; body to earth; as above so below!*” (Did you get that?)

!

Salvation; in the Afrikan expression answers these questions

- a) Who am I!
- b) Why am I!
- c) Where am I!

This timeless message is the basis of the true meaning of Salvation as given to the world by our Ancient Afrikan Ancestors! (Help us Great Black Holy Ghost!) This message of Salvation was express by our Ancient Afrikan Ancestors thousands *years ago!* This message was sent through the medium/stories of *Osiris/Asar ; Isis/Auset; & Horus/Heru!* These stories can be found in the ancient writings known by its original name! *The Metu-Neter*, meaning the writings, or “the word of God!” (Did you get that?) These writings, was also know as, “*divine speech*”! They were inscribed on the temple walls, coffins, and papyruses! They contained the teachings in reference to the spiritual nature of the “*hue-man being*”! It explained ways to promote spiritual emancipation by awakening the intellect towards Salvation, or resurrection! (Did you get that?) In other words, the story of *Asar, Auset& Heru* symbolizes the struggle of *every hue-man being to regain ruler ship of their Higher self!* (Did you get that?)

In closing; when we deal with the *True meaning of Salvation* we must deal with it as given to us by our Ancient Afrikan Ancestors! If we are to truly, embrace this message of Salvation; then we understand its basis as explained in *the proverb as there are two roads traveled by humankind!* Those who seek to satisfy their animal passions and those who seek to live by Maat! (Did you get that?)

In other words, the main points on the true meaning of Salvation are:

- 1) .The development of your Soul through the living of virtues (Maat!) this is accomplished through) control of your thoughts, control of your actions, development of devotion & purpose
- 2) Having faith in your own ability to accept the truth
- 3) Having faith in your ability to act with wisdom

- 4) Be free from resentment under the experience of persecution
- 5). Be free from resentment under experience of wrongs
- 6). Learn how to distinguish the real from the unreal!

So now do you see why we say Salvation, Soul development or “knowing thyself” is the supreme good! In other words, the mastery of self consists not in abnormal dreams, visions, fantastic imaginings or living, but in using the higher forces against the lower, escaping the pains of the lower by vibrating on the higher!

Hotep! Until next week! One Love, One Aim! One God! And One Destiny!
